

# NIDHI PATEL

## Data Analyst

+91 87348 38561

patelnidhi1628@gmail.com

<https://www.linkedin.com/in/nidhi-patel>

### PROFESSIONAL SUMMARY

Aspiring Data Analyst with a strong foundation in data analysis, data visualization, and machine learning concepts. Skilled at interpreting datasets and generating insights to support data-driven decision making. Eager to apply analytical and ML skills while growing in a professional environment.

### SKILLS

- Programming Languages:** Python (NumPy, Pandas, Scikit-learn), JavaScript
- Data Analysis:** Data Cleaning, Data Preprocessing, EDA, Statistical Analysis, Feature Engineering
- Machine Learning:** Regression, Classification Algorithms, Basic Deep Learning Concepts
- Data Visualization:** Power BI, Matplotlib, Seaborn, Microsoft Excel
- Databases:** SQL, PostgreSQL
- Web Technologies:** HTML5, CSS3, Tailwind CSS, JavaScript, React.js
- Tools & Platforms:** Git, GitHub, Jupyter Notebook, VS Code, Google Colab

### EXPERIENCE

#### Frontend Developer Internship

Techmicra IT Solutions

Jan 2025 to Apr 2025

- Developed a responsive React-based fitness platform with real-time activity tracking. Integrated Firebase authentication, optimized UI for better engagement, and implemented reusable components for improved performance.

### EDUCATION

#### B.Tech in Computer Engineering

Ganpat University, Gujarat | CGPA: 6.50 / 10.0

2022 – 2025

#### Diploma in Computer Engineering

Ganpat University, Gujarat | CGPA: 9.00 / 10.0

2019 -2022

### PROJECT

#### Heart Stroke Prediction Model

Python | Scikit-learn | Pandas | Matplotlib

GitHub: [Heart-stroke-Prediction](#)

- Built a Random Forest classification model to predict heart stroke risk from patient health data (age, BMI, glucose levels, lifestyle factors), achieving ~88% accuracy.
- Applied data preprocessing, feature engineering, and cross-validation to optimize model performance and surface actionable health risk insights.

#### Personal Portfolio Website

HTML5 | CSS3 | JavaScript | React.js | Tailwind CSS

GitHub: [Portfolio](#) Live : [Portfolio](#)

- Built a responsive personal portfolio website to showcase projects, skills, and achievements. Designed an interactive user interface with organized sections for projects, technical skills, and contact details to enhance professional visibility

### CORE COMPETENCIES

Problem Solving | Team Collaboration | Communication | Time Management | Continuous Learning
