patelnidhi1628@gmail.com

<https://www.linkedin.com/in/nidhi-patel>

PROFESSIONAL SUMMARY

Aspiring Data Analyst with a strong foundation in data analysis, data visualization, and machine learning concepts. Skilled at interpreting datasets and generating insights to support data-driven decision making. Eager to apply analytical and ML skills while growing in a professional environment.

SKILLS

- Programming Languages:** Python (NumPy, Pandas, Scikit-learn), JavaScript
- Data Analysis:** Data Cleaning, Data Preprocessing, EDA, Statistical Analysis, Feature Engineering
- Machine Learning:** Regression, Classification Algorithms, Basic Deep Learning Concepts
- Data Visualization:** Power BI, Matplotlib, Seaborn, Microsoft Excel
- Databases:** SQL, PostgreSQL
- Web Technologies:** HTML5, CSS3, Tailwind CSS, JavaScript, React.js
- Tools & Platforms:** Git, GitHub, Jupyter Notebook, VS Code, Google Colab

EXPERIENCE

Data Analyst Internship

Elevate Labs (Remote)

Feb 2026 to Apr 2026

- Worked on real-world data analysis projects using data cleaning, preprocessing, and exploratory data analysis to extract insights. Applied analytical thinking and visualization techniques to support data-driven decision making and improve project outcomes.

EDUCATION

B.Tech in Computer Engineering

Ganpat University, Gujarat | CGPA: 6.50 / 10.0

2022 – 2025

Diploma in Computer Engineering

Ganpat University, Gujarat | CGPA: 9.00 / 10.0

2019 -2022

PROJECT

Heart Stroke Prediction Model

Python | Scikit-learn | Pandas | Matplotlib

GitHub: [Heart-stroke-Prediction](#)

- Built a Random Forest classification model to predict heart stroke risk from patient health data (age, BMI, glucose levels, lifestyle factors), achieving ~88% accuracy.
- Applied data preprocessing, feature engineering, and cross-validation to optimize model performance and surface actionable health risk insights.

Personal Portfolio Website

HTML5 | CSS3 | JavaScript | React.js | Tailwind CSS

GitHub: [Portfolio](#) Live : [Portfolio](#)

- Built a responsive personal portfolio website to showcase projects, skills, and achievements. Designed an interactive user interface with organized sections for projects, technical skills, and contact details to enhance professional visibility

CORE COMPETENCIES

Problem Solving | Team Collaboration | Communication | Time Management | Continuous Learning
